GREEN INITIATIVES

Sustainability

We are committed to sustainable construction practices. We strive to minimize environmental impact through responsible sourcing, energy-efficient building techniques, and waste reduction strategies. We aim to create structures that meet client needs and contribute positively to the environment and community.

Eco-Friendly Materials:

We prioritize responsible sourcing of sustainable and environmentally friendly materials for all our projects.

Energy Efficiency:

Our construction methods incorporate energy-efficient technologies and designs, reducing long-term environmental impact.

Waste Reduction:

We implement innovative waste management and recycling strategies to minimize construction waste and promote sustainability on-site.

A photograph of a construction site. In the foreground, there are several tall, rectangular concrete pillars under construction. They are surrounded by a complex network of wooden formwork and red metal bracing. Rebar is visible protruding from the top of the pillars. In the background, a modern building with large windows and balconies is visible. A construction worker wearing a yellow hard hat and a brown shirt with 'Point Contracting' on the back is walking towards the right. The ground is sandy and uneven.

Here to Excel

FUTURE-FORWARD PRACTICES

Innovative Solution

At Point Contracting, we leverage state-of-the-art equipment and cutting-edge technology to enhance the efficiency and quality of our construction processes. Our investment in modern machinery and innovative techniques allows us to deliver projects with greater precision, speed, and cost effectiveness. We continuously explore new tools and technologies to stay at the forefront of industry advancements.

Advanced Machinery:

We utilize the latest equipment to ensure high-performance execution and optimized project timelines.

Innovative Techniques:

Our team adopts forward-thinking construction methods to improve accuracy, sustainability, and overall project outcomes.

A modern office interior with multiple workstations. Each workstation features a large computer monitor, a black ergonomic office chair, and a white desk. The office has large windows on the right side, letting in natural light. There are several pendant lights hanging from the ceiling. The floor is a light-colored, polished concrete.

Quality Policies

PC-QMS-0001 Rev.00

QUALITY POLICY

Point Contracting L.L.C firmly believes that sound Quality performance is key to ensure sustainable business in Building Contracting, Steel Construction Contracting by operating a Quality Management system in accordance with the requirements of ISO 9001:2015. Thus, it shall be considered as integral part in business decision-making process that is beneficial to all Company's Stakeholders.

Hence, Point Contracting L.L.C committed to:

- Satisfying applicable requirements by ensuring that client and applicable statutory and regulatory requirements are determined, understood and consistently met.
- Continual improvement of the quality by ensuring the risks and opportunities that can affect conformity of contractors and consultant's services and the ability to enhance customer satisfaction are determined and addressed and the focus on enhancing client satisfaction is maintained.
- Implement and maintain an effective QMS that provides guidance on objectives and performance standards and ensure that there is strong leadership and very clearly defined responsibilities and accountabilities for all levels of the organization.
- Ensure the quality policy and quality objectives are established for the QMS and are compatible with the context and strategic direction of the Company.
- Ensure that the resources needed for the QMS are available; including training, support, work environment and encouragement and communicate the importance of effective quality management and of conforming to the ISO 9001:2015 requirements.
- This policy will be communicated to all employees and available to all.
- Employees and other interested parties are expected to co-operate and assist in the implementation of this policy, which will lead them to improve their and our performance.

This policy will be reviewed annually in the Management review meeting and were deemed necessary will be amended and re-issued.

Haider Al Ajrash
General Manager

A low-angle photograph of a welder working on a complex steel framework. The welder is wearing a blue protective suit, a welding mask, and gloves, and is positioned on a horizontal steel beam. The background shows a cloudy sky. The right side of the image is a solid orange vertical band.

HSE Policies

**OCCUPATIONAL HEALTH AND SAFETY AND ENVIRONMENT
POLICY**

POINT is committed to the Health, Safety and Welfare of employees and all others who operate in areas under our Control. We are further committed to conduct our activities in such a manner as to safeguard the natural environment and minimize negative impacts.

POINT will provide and maintain the site workplace as safe as practicable, complying with legislative requirements, Codes of Practice, relevant standards and adhering to Accepted Industry Practices as an Integral Part of Management Objectives and Targets.

POINT encourages every employee to be alert and report any unsafe or potentially unsafe work practice or work place (even when there is doubt), to relevant Safety Committee Representatives and to immediately raise the matter with his or her Manager if the employee believes it is not being addressed in an appropriate and timely manner.

POINT will achieve and maintain high level of Occupational Health and Safety and Environment Performance Through:

- Developing and reviewing continuous improvement strategies.
- Ensuring that all contractors engaged are able to demonstrate satisfactory OH&S and Environment management system capability.
- Providing appropriate resources to ensure managers and supervisors are aware of and carry out their responsibilities and accountabilities.
- Establishing measurable objectives and targets aimed at eliminating work related illness, injury and incidents.

This policy will be implemented and maintained by:

- Embracing the principles of OH&S Risk Management and Environmental Aspects and Impacts Management.
- Adopting a consultative and cooperative approach with all parties.
- Dissemination of OH&S information.
- Identification of root-causes and corrective actions for nonconformity.

We are further committed to a program of continual improvement and ensure that all our business operations remain relevant, appropriate and compliant to the standards and requirements of ISO 14001: 2015 Environment Management System (EMS), OHSAS 18001:2007 Occupational Health and Safety Assessment Series (OHSAS) Management System and any other HSE related legal requirements of UAE.
